

This is to certify that

FREDERICK CHAD

has attended a series of specialized World of Concrete/
World of Masonry seminars qualifying for this

MASTER CERTIFICATE IN REPAIR

World of Concrete/World of Masonry seminars contain practical, how-to-do-it information designed to enable attendees to gain a clear understanding of the technology involved and to perform the construction techniques associated with that technology.

Seminars qualifying attendees for Master Certificates are selected on the basis of their direct, practical contribution to the attendee's expertise.
